01 April 2011

Dear Customer

Re: Notification of Price Increase

Due to a significant and immediate increase in the alloy adjustment factor for stainless steel, manufacturers have been forced to increase prices of flexible flue liner. MMF has forward ordered and I'm pleased to confirm that we can hold current prices until the end of April 2011.

Negarra MD Plus will also be subject to a price increase.

The following price increases will apply as from 01 May 2011:-

316 Grade Multi-Fuel Liner	13.0%
904 Grade Multi-Fuel Liner	7.5%
Gas Flexible Flue Liner	13.0%
Negarra MD Plus	5.0%

New price lists are attached and you will note that the prices of all liner terminals, adaptors and ancillaries remain unchanged.

I'm delighted to confirm that MMF is exhibiting again at Hearth & Home in June 2011.

I'd like to take this opportunity to thank you for your continued support.

Yours sincerely

Phil Mangnall
